

In the 13th of June 2015, ITEC – HCMUS orchestrated a graduation ceremony for 95 students finishing their curriculum, from the Bachelor of Science in Management with a major in International Business collaborated between HCMUS-VNU, Vietnam and Keuka College, USA.

This ceremony occurred on the spirit of the American education. It was to honor the effort of students throughout their learning period. It was also a memorable moment to parents and lecturers, who was there side by side with our students. There was the appearance of the representative of HCMUS, the principle and the representative of the USA ambassador.

On behalf of the Ho Chi Minh University of Sciences, Mr. Nguyen Kim Quang, vice principle of HCMUS proudly said: “you put on the honor of one of the most prestigious universities in Sai Gon and the USA, therefore you put on a great responsibility of developing and enhancing these programs forward”.

Vice Principle of Keuka College, the USA, Dr. Paul Henry Forestell said:” This ceremony is the end, the opening and also a sequence of non-stop effort. Not everyone can archive this kind of accomplishment, receiving an international degree by both HCMUS, Vietnam and Keuka College, the USA. You’ve gained great knowledge on technical skills and business skills in order to face your own challenges in the future. Now is the right moment to take off, to explore new venture and to make your own moment”.

University of Science, Ho Chi Minh City, Vietnam. The photo captures a celebratory moment during the graduation ceremony, with graduates and faculty members gathered in front of the university's main building. The graduates are wearing black gowns and caps, and many are holding diplomas. The building's name, "UNIVERSITY OF SCIENCE HO CHI MINH CITY", is clearly visible on the facade. The scene is decorated with yellow and white balloons, adding to the festive atmosphere.
