Friday, 10 June 2016 08:58 - Last Updated Monday, 28 August 2017 11:24

According to IEEP (ITEC Excellent English Program), HCMUS, since the beginning of 2016, the amount of ITEC students passing IELTS band 6.0 has increased up to 39 students, that's double in comparison with the same period last year. It is worth to mention that 72% of these students are still in their sophomore year.

This result comes from the devoutness in creating the curriculum and teaching from IEEP faculty. In recent years, English programs at ITEC has put a lot of effort in enhancing and improving in both of the teaching content and facilities. Foreign teachers at IEEP also create a trust worthy interaction between students, this shall give students positive feedback from every learning week. Besides, the tutorial system is provided freely every week. The tutor shall help students revising their lectures, resolving problem during their learning period and shall be a concrete bridge between the English teacher and students.

However, it is inarguable that these rewarding results come from those who put tremendous effort and hardworking throughout their learning span.

The list below is the students who receive IELTS Certificates from at least Band 6.0
